

LEGAL SERVICES FOR NGO PARTNERS

Advocates for International Development (A4ID) is a global charity that connects non-governmental organisations (NGOs) with top-tier legal expertise to help eradicate poverty and achieve the UN Sustainable Development Goals (SDGs). A4ID offers a wide range of services to NGO partners to support their mission and help deliver lasting impact.

How we help

International Pro Bono Broker Service

Access to free legal advice through A4ID's broad network of law firms, covering 143 jurisdictions. This can include a wide range of legal needs including compliance, governance, contracts, intellectual property, dispute resolution, and legal research.

Strategic Project Support

Longer term pro bono support, partnering with a law firm to advance a NGO's mission beyond a single matter. A4ID offers project management through the process, including document and calendar coordination.

Legal Clinics for NGOs

Online clinics for NGOs to receive pertinent legal information related to pre-submitted questions, and with the opportunity to ask follow up questions.

UN SDGs Advancement

All services are aligned with the UN SDGs, particularly Goal 17 (Partnership for the SDGs) but also support broader development goals. A4ID's SDG Legal Initiative bridges the gap between the global legal profession and sustainable development objectives at scale.
